## WAR ECHOES.

Blanco has resigned his post as Captain Gen. of Cuba. He gave as the reason for resigning, his unwillingness to superintend the evacuation of Cuba.

The Spanish coast cities and towns are rejecting. They can now sleep without dreaming of Watson and his squadron, and they are preparing to start their ships once more for West Indian ports.

The Spanish prisoners at Santiago are being embarked rapidly. Their condition is described as horrible, the mortality in the Spanish camp being so great that it is impossible to bury the dead. The bodies are piled together and burned.

The last fighting of the war—near Manilla shows something later—was at Manilla, Cuba, where an attack by American ships was in progress when news of peace was received. The last land fighting took place at Avon, near Avon, in Porto Rico, where an American battery allowed a Spanish battery Friday, with a loss of one American killed and several wounded.

Gov. Gen. Augusti fled from Manilla Friday and reached Hong Kong yesterday. He said at Hong Kong that Manila surrendered unconditionally to the Americans yesterday. When he left it was expected that the Americans would bombard the city the next day, and his report that it surrendered the day after he left indicates that he arranged for the surrender to take place.

Augusti, with his family, was taken off by German in a launch to the German cruiser Kaiserin Augusta, which carried him to Hong Kong. He is on his way to Spain.

A Madrid dispatch says that Augusti was expected to leave Manila by the first mail steamer, leaving his command to the second in rank.

Peace opens the way for a resumption of the work of relief among the reconcentrated of Cuba—such of them as have managed to keep alive during the months of blockade.

It is said to be the purpose of the administration to supply rations to all the Cuban soldiers in the armies of Gomez and Garcia and other Cuban Generals until they can become again self-supporting in the now devastated country.

It is hoped that such relief work will be accepted as an evidence of good faith on the part of the United States and tend to reduce friction with the Cubans during the period that must necessarily elapse before the troops of the United States can be withdrawn from the island.

T. O'Neal and we reproduce it for the benefit of our readers:

## PRESTONSHIRE.

A special term of the Floyd Circuit Court is in session. Mr. Barnes, of Louisville, is the presiding judge. Mr. Barnes ranks as one of the best lawyers in north-eastern Kentucky. There is a great deal of business being transacted.

The mammoth store of Hon. Frank Hopkins was robbed Saturday night. The parties broke in at the window and took from the safe a small sum of money. They have not yet been captured.

Prof. W. Lee Roberts, of Abbott Gap high school, was in town Saturday. He reports a good attendance.

The recent flood has done great damage to the farmers up Big Sandy. The damage can hardly be estimated.

H. A. Manley, our handling agent, went to Mt. Vernon, where he

Our captain was killed by a cannon ball which exploded when it struck him, splintering his head, brains and flesh all over us. There was nothing left of him but his legs and we took a shovel and shoveled the rest of his remains into a coffin-sack. The same shell killed a private, and blinded another one for life, and wounded several mortally. We also lost our last Sergeant on the 2nd day of the battle and two privates, one of them from Louisville, named Jas. Bonville, who was shot through the stomach. Co. A also had 17 wounded.

You should have seen our recruits while under fire, they were as steady as if they were shooting at squirrels. While on the other hand some of the old soldiers showed cowardice. The squad to which Nic Arnett belongs was the first to the top of the hill in front of the Santiago batteries and a terrible rain of shot and shell was poured upon them, but the Spanish men were high and so no one was hurt, but several had very close calls for their lives. Among those wounded were Nic Arnett, in right hand, and Harlan Chapman in the left hand.

I had my first experience with gray-backs day before yesterday, and they almost ate me up before I found them out. Some of them were as large as grains of wheat.

There has been a great deal of malarial fever here but are nearly all well and hearty again. Some few cases have proved fatal but not many.

I hope that we may be sent back to the States before many days as the boys are all very much distressed in this climate on account of the heat and rain. It rains every afternoon.

The heat is getting insupportable and I will have to close. Will write again soon.

## Williams Nominated.

Hon. Mordred Williams, of  
Boyd county, was nominated for  
Congress by the Democratic con-  
vention at Cynthiana last week on  
the 56th ballot.

Rebo received the largest num-  
ber of votes until the break came.  
This was when Hon. Waller Sharpe  
withdrew, much to the surprise of  
the convention. His prospects for  
the nomination were the best of  
all the candidates, but he felt that  
Harrison county delegates had  
mistrusted him, and for that reason  
withdrew. The nomination of  
Mr. Williams occurred soon after,  
amid great enthusiasm.

Mr. Williams is one of the clean-  
est men to be found anywhere. His  
character is without a stain. He  
has long cherished a desire to re-  
present this district in Congress  
and his aspiration is about to be  
realized. It is predicted on all  
hands that he will beat Mr. Pugh.  
Mr. Williams is a man of com-  
manding appearance and is popu-  
lar with all who know him.

vin Hall, Dan Davis.

P. Keston, Joe B. Gregory.

## OUR NEIGHBORS.

Pouring oil into a naphtha lamp  
reservoir at Huntington, Samuel  
Reichman's clothes caught fire. He  
leaped into the river and was not  
hurt.

On Tuesday night of last week  
Pearl, the 13-year-old daughter of  
Capt. C. C. Brooks, of Olive Hill,  
left her room in her sleep, went to  
the closet, got her gossamer and  
walked nine miles up the C. & O. R.  
R. She was awakened at 1:30 by  
the crossing of a roadster. She re-  
traced her steps until she was met  
by a handcar, which conveyed her  
to her home.—Ex.

From the report of oil being  
found in such quantities and the  
overflow of oil wells, this valley is  
destined to become one of the rich-  
est in the State. One thing re-  
markable about the overflow of the  
well in Magoffin county is the fact  
that it occurred the same time it  
did last year. It is reported that  
the New Domain Oil Company in  
Floyd county is going to put on  
double force and rush down five  
other wells.

Verne Vanhook, one of the sol-  
dier boys, and son of Harry Van-  
hook, of Mingo, this county, died  
at the hospital at Chickamauga on  
Wednesday morning and will be  
buried here for burial. Verne  
was a bright boy and his death will  
be regretted very much by the  
people of this county. His brother  
Ernest is also sick with fever  
from which Verne died. Mr. Van-  
hook has two other boys in the  
army besides Ernest and Verne.

## THE MULES.

The following officers were elect-  
ed at the eighth annual session of  
the Mutual Protective Society,  
Grand Lodge of Kentucky, at  
Vanderburg, on the 3rd. viz:  
Council General—Nelson A. Klal-  
ber, Garner.

Lieutenant Council General—L.  
W. Callon, Lynn.  
Grand Secretary—G. R. Bolcher,  
Glenwood.

Grand Treasurer—Jas. E. Brown  
Springfield.  
Inside Sentinel—J. S. McCor-  
rick, Glenwood.  
Outside Sentinel—M. K. Ratcliff,  
Carter.

Grand Chaplain—Rev. J. Far-  
mer, Greenup.  
The next session of the Grand  
Lodge will be held at Devotion, Car-  
ter county. Beginning the first  
Wednesday in August.

John Sparks, brother of Dr. H.  
W. Sparks, of Devotion, returned  
home Monday. Mr. Sparks is a  
private in the Second Infantry,  
having enlisted at Ashland two  
months ago. He was in the battle  
of Santiago, on July 2nd, in the  
heat of which he was struck by a  
Mosses bullet, which made its way  
through both hips. He was lying  
down when struck and dragged  
himself up under a tree, where he  
held out until next day before the  
hospital corps picked him up. He was  
brought home on the relief steamer  
Solace and is now able to get about.  
He has a poor opinion of the Cuban  
patriots and the manner of conduct-  
ing the campaign in general. He  
said the fighting was nothing more  
than bushwhacking, the Spaniards  
fighting from the bushes and trees.  
On the train with Mr. Sparks was  
an Indian soldier who had been  
shot twice in the same fight.  
Sparks' brother, who enlisted with  
him, is in the hospital at New  
York suffering from fever.—Glas-  
son Tribune.

## Floyd County Oil.

The New Domain Oil Company,  
a branch of the Standard Oil Com-  
pany, at the Mouth of Salt Lick,  
a tributary of the right fork of Beav-  
er creek. This company has got  
thirteen paying wells on the Neal  
farm and in the vicinity. All are  
paying wells, they have just com-  
pleted a well two and one-half  
miles up Salt Lick, which is sup-  
posed to produce about five hun-  
dred barrels in twenty-four hours.  
The company has built two large  
iron tanks below the mouth of  
Goose creek, a tributary of right  
Beaver creek, three miles from the  
mouth of Salt Lick. This company  
has got the pipe laid from the  
big iron tanks to these wells at  
the mouth of Salt Lick. They have  
pumped oil into these tanks, which  
hold about 32,000 barrels of oil.  
The Evening Oil Co., of Corning, O.,  
an independent company, has got  
four paying wells on the right of  
Beaver near the mouth of Goose  
creek. These wells are supposed  
to produce five hundred barrels of  
oil each in twenty-four hours. But  
they have never built any pipe to  
test these wells and they stand  
there capped over.—Paintsville

The Artip boys, John, Beverly,

charged with shooting Henry Bar-  
tram at Oak Grove church on the  
night of the 6th, surrendered to  
Constable Copley on the 9th and

Squires Moore and Hutchinson on  
last Friday and Saturday. The  
three older boys were released, but  
Chris was held under five hundred  
dollar bond to answer to an indict-  
ment. Chris does not deny having  
shot Bartram but claims that at  
the time of the shooting he and Bar-  
tram were clinched and that Bar-  
tram had stuck a knife in him  
twice. From what we were able  
to learn the Artip boys were ac-  
cusing on the defensive and did not  
resort to violent measures until  
forced to do so.

## The Manly Art

of self defense can be practiced with the feet as well as  
with the arms and hands—out by kicking, oh, no—but by  
having them correctly shod. Right shoes make healthy  
feet and the doctors tell us that healthy feet are the first  
requisites for healthy bodies. Without healthy bodies you  
are defenceless.
